

# INSTEP Fosters Strong Partnership with MTCP in Bringing Experiential Learning to You

## Malaysia Technical Cooperation Programme (MTCP)

The Malaysian Technical Cooperation Programme (MTCP) was officially launched on 7 September 1980 at the Commonwealth Heads of State Meeting in New Delhi, India, to signify Malaysia's commitment to the South-South Cooperation, in particular, the Technical Cooperation among Developing Countries (TCDC).

The MTCP emphasizes on the development of human resources through the provision of training in various areas which are essential for a country's development such as agriculture, economy, finance, public management and administration, science & technology and ICT, health diplomacy, safety and security including cyber security, cultural diplomacy, social development, environment-related to SDG2030, education, industrial and technical training. Annually, Malaysia offered more than 60 technical and capacity-building programs under the MTCP, which have benefited more than 35,500 participants from 144 countries.

The objectives of MTCP are to share the development experience with other countries, to strengthen bilateral relations between Malaysia and other developing countries, to promote South-South Cooperation (SSC), and to promote technical cooperation among Developing Countries.

## Institut Teknologi Petroleum PETRONAS (INSTEP)

### Our Winning Formula

Over **40** years of oil and gas technical training experience

More than **130,000** technical workforce trained since 1981

Serving clients from over **35** countries

Learners' Capacity **1,098** learners at a time on a 200-acre campus with integrated facilities

Instructor/Learners Ratio of **1 : 15** 18 principal instructors and 33 instructors

### Industry & Technology Driven Technical Learning Solutions

To prepare future-ready global energy workforce, equipped with the right skills of tomorrow

### Customised Learning Solutions

Address different learning needs to help learners and clients reach their full potential

### Facilities as Testbed

Expanding the learning facilities utilisation to support PETRONAS and the industry research

### International Certification

Internationally accredited energy centre with industry experienced instructors, capable of delivering high quality programmes

### Capability Caretaker

Strengthen and close learners' competency gap

### Accreditations & Certifications

### Awards & Recognitions

## Malaysia Technical Cooperation Programme (MTCP) 2022

### Introduction to Petroleum Technology

#### Who Should Apply?

- Human Resources Capabilities
- Ministry of Oil and Gas
- Government Body
- Head Plant
- Capability Caretaker
- Engineers & Technical & Non-technical executives in Oil and Gas industry

Date	22 – 26 August 2022
Time	14:00 – 20:00 (UTC+8)
Closing Date of Application	22 July 2022

Virtual Instructor-Led Training (VILT) Microsoft Teams

Scan QR code for Virtual Tour

## Programme Outline

- ▶ Introduction to Health, Safety and Environment: Risk Assessment and Sustainable Development
- ▶ Overview of Oil & Gas and Energy Industry: Upstream, Downstream and New Energy
- ▶ Operation Support at Upstream & Downstream Plant
- ▶ Introduction to INSTEP Upstream Downstream Training Plant (UDTP)

## Application Guidelines

- 1 The course fees are **fully sponsored** by the Government of Malaysia.
- 2 Applications should be made using the prescribed MTCP forms available at <https://www.kln.gov.my/documents/8390448/8392184/MTCP+2022+-+APPLICATION+FORM.pdf/31506fe1-acea-44d1-88a2-7b4227e6bd2a>
- 3 MTCP application forms can also be obtained from the nearest Malaysian Embassy/High Commission in recipient countries.
- 4 All application forms must be duly completed and endorsed by the Ministry of Foreign Affairs or National Focal/Aid Coordinator Agency in the respective countries and submitted ONLY through the diplomatic channel via the Embassy/High Commission of Malaysia.
- 5 Only successful applicants will receive the Official Invitation notification one (1) week from the course date, by the Training Institute via email.

## Learning Outcomes

- ▶ **RECOGNISE** the development of Oil & Gas and New Energy development in Malaysia
- ▶ **ILLUSTRATE** the Oil and Gas main activities and best practices
- ▶ **DESCRIBE** the functions and the capabilities of INSTEP towards supporting Oil and Gas development

## Learning Methodology

### Interactive Learning

Practical Demonstration

### Collaborative Learning

Scenario-based

### Lecture-Based Learning

Virtual Instructor-Led Training
